Dear Mr Nazeer Ahmad,

1. I take this opportunity to convey to you that the Presidents Fleet Review (PFR 06) organized by Eastern Naval Command has been a grand success. This has been made possible to a large extent by the work put in by firms like you, who have been working closely with the Dockyard and helped us to achieve this feat.
2. The generators provided by your firm during PFR have been of immense value in supporting the ships in harbour and has helped them to conserve their on-board generators for better exploitation at sea.
3. We look forward to your co-operation in future too as and when opportunities or occasions arise to work together.

Thanking you,

With regards,

Yours Sincerely,
