Dear Jose

**GENERATOR HIRE – DELHI 2010 – COMMONWEALTH GAMES**

Apologies this has taken so long to get this to you. As you are aware we have been very busy on other events since the commonwealth games.

I would firstly like to thank you and your team for all your efforts in the successful delivery of the temporary power solution for the Commonwealth Games Village in New Delhi.

To mobilize and deliver 22 generators from Hyderabad to New Delhi in the short timelines was a real feat.

During our negotiations you made it very clear we were not just hiring generators from you we were getting a service and that is exactly what we did get. The service from you and your onsite team was first class and never once did you not do what you said you would do.

I would not hesitate to work again with you and Power Mak.

Should I get a chance on my next visit to India for the Cricket World Cup, I will of course look you up.

Best Regards,

**Stephen BRADY**
